Metrotile Shake

MORE **than just** **roofing**

The Metrotile Shake offers the rustic charm of the Traditional Shake as it features the same wood-grain appearance of the Traditional Shake. The Metrotile Shake has a deep-rooted profile which is designed to enhance the shadow lines and create visual contrast. With Metrotile Shake you can enjoy all the benefits of steel including long life, exceptional weather and fire resistance. The profiles and roofing accessories are engineered to interlock and overlap to resist wind lifting and keep out the harsh elements. The Metrotile Shake is available in a stone-coated/textured finish or a satin finish.

HEAD OFFICE:
Lot #62, Frederick Settlement
Industrial Estate, Caroni.
